REMARKS

In the Notice of Allowance, the Examiner significantly modified the Title of the Invention to which the instant amendment is directed. Applicant respectfully contends that the Title as amended by the Examiner is exceedingly lengthy and describes the invention in inappropriately narrow terms.

Applicant's amended Title complies with the requirement under 37 C.F.R. 1.72 to describe the invention in a manner that is "as short and specific as possible."

Entry of the instant amendment is respectfully solicited.

Respectfully submitted,

By their Attorneys,
